

The Covenant of Commitment

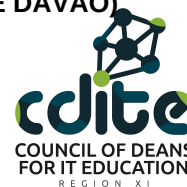

As signatories to this covenant of commitment, we come together with a shared vision: to bridge the gap between industry objectives, stakeholders' demands, and IT educational needs. By endorsing this agreement, we commit to proactive collaboration, fostering sustainable partnerships that prepare a future-ready IT workforce. Together, we pledge to:

1. Close the Skills Gap: Identify and address the disparity between IT educational programs and evolving industry needs.
2. Foster Collaborative Innovation: Advocate for joint creation of innovative, future-focused educational initiatives.
3. Advance Hands-On Training: Enhance experiential learning through mentorships, internships, and on-the-job training (OJT).
4. Establish an Academic-Industry Consortium: Engage in regular curriculum assessments and faculty development.
5. Promote Lifelong Learning: Cultivate a resilient workforce through continuous skill development.
6. Champion Inclusivity and Accessibility: Ensure IT education is accessible and equitable for diverse populations.
7. Establish a Framework for Alignment: Collaboratively design curricula, optimize OJT, and foster joint research and development (R&D).

Responsibilities as Member of the RAISE-IT Davao

- Regional Advisory Support: Participating in regular RAISE Davao consultative meetings and the regional industry consultation organized CDITE XI and CHED RO XI.
- Institutional Advisory Support: actively serving as a member of the Institutional Industry Advisory Council or Program Advisory Board for partner Higher Education Institutions (HEIs).
- Curriculum Input: Providing technical insights to align ITE curricula with industry standards.
- Policy Input: Serving as consultant in the formulation and review of regional IT education policies, ensuring that local academic standards and government initiatives are directly informed by global market trends, technological shifts, and the specific economic drivers of the Davao Region.
- Faculty Immersion: Providing opportunities for educators to gain industry exposure.
- Internship/OJT Placement: Accepting and mentoring IT students for practical training.
- Research & Development: Collaborating on industry-relevant R&D projects or innovation hubs.

I hereby manifest my commitment to the goals and objectives of RAISE Davao and agree to work collaboratively toward the development of a premier IT ecosystem in the Davao Region.
