

Regional Alliance for Industry-Supported Skills and Education in IT - Davao (RAISE DAVAO)

Venue: Luxebridge Suites Davao, Maa, Davao City

Date: March 17, 2026 8:00-1:00 PM

The Covenant of Commitment

We, the undersigned representatives of industry, academia, and partner institutions, affirm our shared commitment to strengthening Information Technology Education (ITE) in the Davao Region. Recognizing the rapid evolution of digital technologies and the increasing demand for a future-ready workforce, we pledge to work collaboratively to align academic preparation with industry needs.

Through this Covenant of Commitment, we express our support for the Regional Alliance for Industry-Supported Skills and Education in IT (RAISE-IT Davao) and our participation in the Regional Advisory Council for IT Education, established to guide curriculum enhancement, practicum development, and industry-academe collaboration in the region.

Together, we commit to:

1. Promote Industry-Academe Alignment: Provide insights on emerging technologies, industry practices, and workforce demands to help ensure that IT education programs remain relevant and responsive to evolving industry needs.
2. Support Curriculum and Practicum Development: Contribute recommendations and feedback to improve IT curricula and practicum frameworks, including internship and on-the-job training (OJT) programs.
3. Enhance Experiential Learning Opportunities: Facilitate internships, OJT placements, mentorship, and real-world project exposure that strengthen students' practical competencies and professional readiness.
4. Participate in Advisory and Consultative Processes: Engage in consultations, meetings, and collaborative initiatives of RAISE-IT Davao and partner Higher Education Institutions (HEIs) to support continuous improvement in IT education.
5. Encourage Faculty Development and Industry Exposure: Provide opportunities for faculty immersion, training, or industry engagement to ensure that teaching practices remain aligned with current technological trends and professional practices.
6. Promote Innovation and Collaborative Research: Support partnerships in research, development, and innovation initiatives that contribute to technological advancement and regional economic growth.

Responsibilities as Members of RAISE-IT Davao

As industry partners and members of the Regional Advisory Council, we commit to:

- Regional Advisory Support - Participate in consultative meetings and industry dialogues organized by the Council of Deans of IT Education (CDITE XI) and CHED Regional Office XI.
- Institutional Advisory Support - Serve, when possible, as members of Institutional Industry Advisory Councils or Program Advisory Boards of partner Higher Education Institutions (HEIs).
- Curriculum Input - Provide technical expertise and recommendations to ensure that IT education

programs remain relevant and responsive to evolving industry needs.

- Policy and Program Consultation - Offer expert insights in the development and review of regional initiatives, policies, and programs related to IT education.
- Faculty Immersion Opportunities - Support opportunities for faculty members to gain relevant industry exposure.
- Internship and OJT Placement - Provide internship or on-the-job training opportunities and mentorship for IT students.
- Research and Development Collaboration - Engage in collaborative research, innovation initiatives, or technology development projects with partner institutions.

Through this covenant, we reaffirm our shared responsibility to cultivate a dynamic, industry-responsive IT education ecosystem that prepares graduates with the skills, knowledge, and values necessary to thrive in the digital economy.
